

LUX K10

Multi-functional moving head used 19 Osram LEDs 15W each with precise and saturated color. Fixture include such functions as Wash, Wash-beam and Kaleidoscope due to double rotation lens. Wide adjustment range of beam angle, pixel-shaping and pixel-mapping provide unlimited possibilities for light show creation

Source		Control		Package contains	
LED	19 pcs 15W each Osram Ostar RGBW 4-in-1	Multifunctional LCD display		Moving head	1 pc
Lifespan	50 000 hours	DMX channels	21/23/35/78/92/99	Power cord	1 pc
Optical system		Modes	DMX512/master-slave/auto/sound activation	Signal cord	1 pc
Beam angle	4° - 60°	Movement		Mounting bracket	2 pcs
Zoom	Linear motorized	Pan	540°	User manual	1 pc
Lens	Double rotation	Tilt	270°	Size	
Functions		Resolution	8/16 bit	Product	415x275x425 mm
Color mixing	RGBW	Lens rotation	Unlimited in both directions	Flight case for 2 fixtures	710x710x460 mm
Available colors	Over 16 700 000	Power supply		Carton	480x340x510 mm
Kaleidoscopic effect		Input	AC 110-240 V,50/60 Hz	Weight	
Linear colorchanger		Total power	450 W	N.W.	14,5 kg
Pixel shaping effects	Static and dynamic with adjusted speed	Connections		G.W. (flight case 2 in 1)	56 kg
Pixel mapping	Individual control for each LED	DMX512	Neutric XLR 3-pin in/out, XLR 5-pin in/out	G.W. (carton)	17,5 kg
CTO		Art-Net	Optional		
Strobe	Electrical 1-20 fps	Power	powerCON in/out		
Dimer	Electrical 0-100%
